## LITTLE MINCH BEATS EURUS.

STARTLING IMPROVEMENT IN FIVE DAYS. A PUZZLING CONTRAST TO HIS SARATOGA RUNNING The weather was delightful, the attendance large and the racing good at Monmouth yesterday, although with smacinfields. The track had dried wonderfully fines. Tell fley's heavy rains and was dusty on top but heaviday'd sticky beneath. The Chicago Stable two anes, with Egmont and Little Minch, but lost one raceh they expected to get with Wheeler T. The administion for the riding of little Barnes grows ger daily. He rode Egmont, Hypocrite, Little Minch and Freedom, four winning mounts out of six He is first favorite with most of the owners

and trainers at present, and many of them prefer him even to McLaughlin, Hayward, Garrison or Murphy. The owners of Egmont told their friends that they ardly expected their horse to win with the top weight of 122 pounds, and would not back him. But Egmout got off well in front, and with little es's skilful handling won very easily, Goano. with only pinety-three pounds up, getting second place. Mr. Bradley thought Le Logos would run reft, but both Le Logos and Ten Booker moved like els with all four legs paralyzed. They ten off nearly a furlong. Eanburg looked well, when the pinch came swerved and quit badly. It is strange indeed that a horse which beat Hanever and Elkwood and other well-known racers handsomely last year cannot win a single race in 1888.

The favorite, Madstone, won the handicap for twoolds easily, Redlight getting second place David Gideon's Groomsman was a strong second choice, but either broke down or was cut down Gideon thought it a cut-down. who rede him, thought it a break-down. Whatever the accident was, it prevented Groomsman from getting near a place, although he was almost certain to

run second, at least, but for this. The favorite, Hypocrite, had an easy victory in the third race, with Ocean in second place, and Nowor-Never third. There was lively betting on the ourth race and much interest. Eurus and Little Minch were on almost equal terms in the bettingbut more public money went on Eurus that on Little Minch. The latter acted badly at the post, and one of his owners, Mr. Campbell, was obliged to take him by the tridle and thrash him soundly with a cane before he could gof him off. He moved off slowly behind the rest of the field, but ran straight and true, made up his ground without effort, and won with amazing facility. Eurus was in bad temper and sulked on the lower turn and swerved in the homestreich, but got second place. Thousands of race-goers have often regretted that Little Minch was not owned and run by some turfman of the highest reputation for fairness honorable dealing, such as Mr. Withers, Mr. Belmont, Mr. Cassatt, or Mr. Galway. Mr. Campbell and owners of the Chicago Stable, may always act fairly toward the public, and may always run their horses to win. They say they do at any rate. Little Minch's performance at Saratoga on Saturday lest, when he was beaten off in both hears for the Congress Hell Stakes by Grisette and Wary, His owners say that they bet 23,700 on him for that race and lost it. They attribute his defeat to his sulking. Well, they ought to be' glad to sell a horse promptly which causes so much criticism of their stable, which excites so many un cleasant remarks, and which fills the gir with so foul a stench as Little Minch gave out on Saturday. The unregenerate and irredeemable sceptic will always believe, no matter what Mr. Campbell and Mr. Hankins may say, that Little Minch could have won both hears of the Congress Hall Stakes in a canter, if owners, trainer and jockey had all

that result and tried to accomsceptie Now, the sceptic may wrong, but the Chicago Stable nust see what an advantage it would be to turn over to some other owners a horse without conscience, selfrespect, or feeling of responsibility. Little Minch wins races when he is a tremendous favorite, but still it must be considered an odd coincidence that when he does sulk it is almost invariably when the when he does sulk it is almost invariably when the odds on him are heavy, and the public gets badly left. If the Chicago Stable would put Little Minch through a course of moral trationg under the guidance of some good lakeside theologian, who will fill his mint full of Bunyan's Piggrim's Progress, Baxter's Saint's Rest. Paley's Evidencee, Jevemy Taylor's Hely Living and Dying, and the works of other plous writers. Little Minch might see the error of his ways and might reform, if in addition a few texts were read to him every day. Either that ought to be done with him or he ought to be sold or shot, for it is a crying scandal of the turf to see a horse run two such races within one week as that of last Sainday at Saratoga and that of yesterday at Monmouth.

week as that of last Saturday at Saratoga and that of yesterday at Monmouth.

Britantic got the best of the start for the fifth race, and was ridden with skill and judgment by Littlefield, and was ridden with skill and judgment by Littlefield, who just got him home a head before Salisbury, who was a head before Wheeler T. The favorite, Wheeler T., got off badly, and many people attributed his defeat to this. Perhaps, however, he is not as quick a starter as are Britannic and Salisbury, who jump into their stride with extreme rapidity. Wheeler T. could hardly have been so close to the others at the finish after his bad start if Rarnes had not taken him in close to the inner rails on swingting into the homestretch.

their stride with extreme rapidity. Wheeler T. could hardly have been so close to the others at the finish after his bad start if flarnes had not taken him in close to the inner rails on swinging into the homestretch, white Britannie and Salekury went wide.

The selling race proved an easy victory for the favorite. Every one breathed more freely, as the nuisance of a steeplechase was absent, and every one got heme in time for an early dinner.

No handicapper can always please all owners, but it is only justice to Captain Coster and Mr. Laird to say that the handicapping of yesterday was brilliantly successful, and that the weight on Exmont proved to be not in the least excessive after all.

There will be only two more days of racing at long Branch this year, to-morrow and Tuesday next. Rich and attractive programmes have been prepared for both days. On Saturday the Homebred Produce Stakes will be run, walch will probably fall to Mr. Withers, and may possibly be a walk-over. The Monmouth Handicap, with \$5,000 added, at a mile and a half, will be decided. A new race has been added for horses that have not won at Monmouth this year, to-carter Handicap for two-year-olds, and the Jersey Handicap for three-year-olds, and the Jersey Handicap for three-year-olds, and the Jersey Handicap for three-year-olds, each with \$5,000 added, will be run. The association will give on that day \$15,200 added money, which, with the entrance and forfeit moneys, will make \$29,000 to be divided among horse-owners. Certainly there could be no stronger inducements than these for owners of stables to remain and take part in the races of the last day at Long Branch.

The American Jockey Club has given out the figures of the entries for its stakes, which closed on August 15. These are highly encouraging. Among the nominators are A. Balmont, with 122; George Hearst, 119; J. R. Haggin, 100; W. L. Scott, 99; Dwyer Brothers, 867; J. A. & A. H. Morris, 78; Madison Stable, 78; D. D. Withers, 64; Santa Anita Stable, 67; P. FAVORITES HAVE THEIR TURN. THE JUDGES SAY THEY WON FOUR RACES; THE PUBLIC SAY THEY WON FIVE.

Saratoga, Aug. 23 (Special).—The weather was charming to-day, and the crowd present at the track was probably the largest of the season. The track was very bad and all but the first race were processions, the favorities having no trouble to win. The decision in the first race gave a great amount of dissatisfaction, for there was a radical difference of opinion between the judges and the public as to which horse won. Alaho gos the worst of the decision, and Mr. Baldwin, who was much disgranted, gave Murphy instructions not to make a close finish for the Kenner, but to win by an open length, which he did. The Dwyers withdrew Sir Dixon, as the track was so bad that the colt in his present condition had no chance with the filey, who merely played with the pair of creepers op-posed to her.
